**A la Van**

## **FESTIVAL STYLE 2025**

-

*A music festival is often a memorable time, bringing groups of friends together whilst enjoying live music.*

*La Van offers clients with an alternative way to celebrate their special day incorporating the feeling of a festival and with food stations, bars and entertainment spread out over the course of an evening.*

*This style offers more of a party atmosphere with more time being able to be spent amongst friends and family whilst local musicians and Djs get the party moving or alternatively your talented friends.*

*With less budget being used on things like tables, chairs, plates and cutlery etc, it allows for more of your budget to be used on entertainment.*

*La Van includes all decorations for food stations and has contacts with several event spaces that include basic lighting.*

*This style of event works best for groups over 100 persons.*

The image features a clear glass pitcher with a silver tap, filled with water, lemon slices, and rosemary. The pitcher is set on a wooden surface. To the left, there are purple flowers and white baby's breath. The text 'La Van' is overlaid in the center, with a sunburst effect behind it.
